

PROJECT ZINES, COMICS, BLOGS ETC.

■ SMALL PRESS CONSPIRACY

In October 2003 noise will be profiling independent print media, the culture of small press and the people who create it. The initiative will include a directory of publications, profiles of creators and feature articles about independent media in Australia. We are looking for young people involved in independent publishing to send in copies of their paper, mag, zine or comic for inclusion in the directory. If your indie press lives on the 'net in the form of a blog or a website, print off some pages, write a short blurb about it and send those in with the URL. If you know people who create small press, spread the word so that the directory is as comprehensive as possible.

WHAT

Send in one or two of the most recent issues of your zine or comic.

HOW

Fill out a [PROJECT SUBMISSION FORM](#), attach it to your zine or comic and mail it in to us. Forms are available at the back of the noise guidebook or online at www.noise.net.au.
